

Dear Colleague and Friends,

Nowadays, reproductive processes are commonly disturbed by adverse factors whereas our obligatory action is supporting effective and proper function of reproduction. We are delighted to invite all of You interested in Reproductive Biology, Biotechnology, Animal Welfare and Biodiversity to attend Our Join Meeting. The meeting will be a chance to discuss solutions to future challenges and to provide topical coverage of key disciplines.

The International Meeting of the Society for Biology of Reproduction

and

2nd Joint German-Polish Conference on Reproductive Medicine;

46th Annual Conference of Physiology and Pathology of Reproduction;

38th Joint Conference on Veterinary and Human Reproductive Medicine

will be held on Feb 27 – March 1, 2013 in beautiful city Gdańsk and the Polish Baltic Frédéric Chopin Philharmonic.

The Scientific Programme contains plenary lectures, oral and poster presentations as follows:

- gametes development
- embryo-maternal interactions and pregnancy
- biology and pathology of reproductive tract
- central regulations of reproductive processes
- reproductive biotechnology
- reproduction of wild an accompanying animals
- environmental factors and reproduction

The Scientific Committee:

Pawel M. Bartlewski, Heiner Bollwein, Andrzej Ciereszko, Ralf Einspanier, Johannes Kauffold, Jan Kotwica, Dariusz Skarzynski, Sabine Meinecke-Tillmann, Axel Wehrend, Christine Wrenzycki, Adam Ziecik
